

# RENO EVENING GAZETTE.

RENO, WASHOE COUNTY, NEVADA

FRIDAY, MARCH 14, 1874.

"Charity, Charity, Good Sir!"

After calling us a "measureless liar" the *Enterprise* goes on to say:

We stated only an obvious truth, and now we will inform the *Gazette* that the tax was paid last week, not because of the vigilance of Mr. Wood, the City Collector, but because of an appeal from our city authorities to John W. Mackay and his partners. This Mr. Mackay, chief of what Governor Bradley calls "non-resident corporations," this man who has been described as trying to swindle the farmers and mechanics of the State; this man represented to be so soulless and corrupt, paid the money without a word when the city's extremity was explained to him. While on this theme we may add a few words more. Upon the efforts of this Mr. Mackay and his partner, Mr. Fair, more than on all others, the business of this end of the State depends. Because of them ten thousand men are finding employment; a list of Mr. Mackay's private charities, which we have been able to find out from outside sources, during the past month, foot up at the rate of \$150,000 per year.

Of Mr. Mackay's charity we have not the least doubt, and the *Enterprise*, editor must have a vivid remembrance of it, thus to volunteer a powerful defense when Mr. Mackay's private generosity is not questioned. The rooms over the Carson Savings Bank still have a charitable look, and the *Enterprise* is an example of lavish and unwise charity. This idea, however, of classing the payment of mining tax under the head of charity is novel and shows much *Enterprise*. That the business of this end of the State depends upon any man we deny in toto. It depends upon our natural resources which no one man can annihilate or multiply. Mackay and Fair have developed mines for pay, and the other citizens of this State do not owe them one cent. What an idea is this, that because one man has amassed wealth and employs many men for his own profit that these shall not disagree with him and fight him to the end of the world if need be. Mackay and Fair are working for the corporations which they represent. The *Enterprise* is working for the same parties and gives them worship as the price of life. But the people of this State are, "by the grace of God, Free and Independent," and the *Enterprise* can neither carve their idols nor make them believe that the payment of taxes is charity to their laws. While the *Enterprise* "finds out" (from outside source) another list of Mr. Mackay's private charities," let us hope that the Courts will compel further charity in the payment of the State taxes in full. Meanwhile we shall claim that the sovereign State of Nevada asks charity from no man, still acknowledging that the *Enterprise* needs a generous allowance from each one of its readers.

## Another Victim for the "Kingly Organ."

Annexed is what the Lyon County Times has to say of Governor Bradley's veto of the Compromise bill:

We have no coals to heap upon the head of Governor Bradley. The Times was influenced only by expediency in its support of the Compromise Bullion Tax Bill, and is candid enough to say that on general principle the Governor is right. Possibly he erred in judgment. It should be remembered, too, that the Executive is by the Constitution a co-ordinate part of the legislative power delegated by the people, and has the same right to exercise that prerogative as either branch of the Legislature. He acts for the people of the whole State, and Storey county is not the commonwealth of Nevada.

Ah, neighbor, that sounds well. Manhood is always requisite to a voluntary confession, and you no doubt found it necessary to vindicate your intelligence by acknowledging the justice of Governor Bradley's veto. But hark you, friend, while making this fair and honorable statement did it ever occur to you that the *Enterprise* would call you a fool. Ah, there's the rub, and as in duty bound we pass you on to the leading paper for mutilation and death vale. You are "no longer able to reason intelligibly" and the *Enterprise* has been instructed to hiss at you.

The Gold Hill News has fairly commenced its 28th volume and is more prosperous than ever before. It is an able and earnest worker, enterprising cheerful, and troublesome at times, for which various traits we like it, and hope that its days may be long in this sage land.

If the *Gazette* editor will glance down the stock list he may be able to learn something, and if he will come here we will tell him some things he never dreamed of, and which may convince him that he has been striking sadly in the dark a good deal of late. *Enterprise*.

Don't doubt your ability to tell that sort of thing with variations. And it does seem to us that each strike made in the dark has hit the *Enterprise*.

The *Enterprise* approved the Compromise. The people don't endorse him; the press don't endorse him; the law making power don't endorse him; the courts don't endorse him. Query: who does endorse him? Echo answers "orse him."

## TELEGRAPHIC.

New York dispatches of the 15th say: The *Herald's* Washington special says: It is understood that no changes of consequence have been determined in Missions or Consulates at this time, and in fact no appointment will be made at all, except to fill vacancies.

Frederick Douglas will be appointed Marshall of the District of Columbia, worth a salary of \$10,000 a year.

A number of patriotic capitalists have offered to loan the Government, without interest, \$400,000 or \$500,000 needed to pay the army from July 1st to December. The President is desirous of accepting the offer in case the propriety of such action is generally approved by leading men of both political parties.

Hot-blooded Mexico is not through with the revolution business yet. President Diaz is having a warm time of it.

A religious procession in Merida was dispersed by the military.

Cries of "death to Protestants!" mingled with hurrahs for Porfirio Diaz were heard in the streets of the Capital on Sunday, and some abuses were committed.

The crowds in the Capital Monday shouted: "Turrah for Diaz and death to foreigners!"

A Washington date of the 15th says: There has been a call for ten millions of 5-20s to-day; one-half million of registered, and nine and a half millions of coupon bonds.

Pinchback, in an interview with the President, is quoted as having said that in justice to the whites and in mercy to the blacks alike, he protested against the Packard Government. The President replied that he would soon clear the way to peace in Louisiana. The Governor is not particular about being recognized, and only desires that the troops be removed from the State House, then the will of the people can be carried out peacefully.

## FOREIGN.

A Berlin date of yesterday says: The Reichstag yesterday defeated by a majority of ten the Government's proposition to increase the expenses of the Chancellor's office \$7,500, and for an additional salary to the German Ambassador at London.

The Minister of War explaining the army estimates before the Budget Committee, justified the increased expenditure by pointing to the growth of the French army and recent movements of troops on the German frontier; also to the growth and improvement of the Russian army. The Emperor has refused to accept the resignation of Gen. Von Stouche, chief of the German Admiralty.

The slow progress of the peace negotiations between the Porte and Montenegro is observed with much regret in political circles at St. Petersburg.

The commission appointed by the French Academy of Science to investigate the phylloxera insect, report that 25 departments have been ravaged, and in many districts poverty, privation and misery have replaced affluence, in consequence of the destruction of the vines.

The treaty between Great Britain and Kelat has occasioned very bitter comments in Russian journals.

Complaints have been received at the City of Mexico of frauds and coercion in the elections in the interior.

The Senate has recently confirmed the nomination of Wm. Sherman, to be Assistant U. S. Treasurer at San Francisco, and Edwin G. Waite to be Naval Officer at San Francisco.

McKinnon's biscuit factory at St. Henri village, Canada, was burned on Tuesday. Two firemen were severely injured. Loss \$40,000; insurance \$25,000.

A popular English periodical published some time ago a story describing how a jeweler's clerk was ingeniously robbed by means of the administration of chloroform. A few months later a robbery of the kind depicted actually took place, and the jeweler hearing of the article, wrote an indignant letter to the proprietor of the magazine, accusing him of suggesting criminal deeds, and hinting that compensation was due. The latter replied: "If, my dear sir, you had kept yourself acquainted with the best popular literature, as has been the case even with the misguided man now languishing in jail, you would have been put upon your guard against his ingenious, but not (as you justly say) original device. I trust that for your own sake you will permit me to add your name to our list of subscribers."

BROKE JAIL.—Says the Belmont *Courier* of the 10th inst.

On Wednesday evening a prisoner confined in the County Jail, named John Schooner, broke loose from the Deputy Sheriff while the two were in the office. Search was immediately made for him, but up to the time of our going to press the officers had been unable to learn his whereabouts. He is charged with altering the brands of stock in the Fish Lake district.

APPOINTMENT.—Governor Bradley has appointed General Rooker to fill the vacancy caused by the death of Geo. J. Love, who held the office of County Commissioner in and for Lander county. The appointment will doubtless give general satisfaction.

The Truckee Lumber Company have been doing considerable in the way of making boxes this Spring. Several car-loads have been shipped during the past month, and another car-load containing 65,000 will be shipped to Carson to-day.

The President is considering the feasibility of borrowing money for the pay of the army, and so avoid the necessity for an extra session. The correspondents differ as to the probability of an extra session.

A Belgrade correspondent states that the Turkish commander is ordered to withdraw from the Islands of the Drina, the occupation of which recently caused the contention with Servia.

Owing to the pressure of applicants for office at the White House and Departments, several Secretaries are already exhausted.

The Southerners are represented as well treated at the Executive Mansion, and both sides will be satisfied with the President's action.

W. J. Ford, a passenger on the steamer Colon, died and was buried at sea, Jan. 18th. The deceased was from Nevada or California.

The President has nominated John Jay Knox for Controller of Currency, and Reuben H. Stephenson Surveyor of Customs of Cincinnati.

## LOCAL AFFAIRS.

**ROBBERY.**—Yesterday D. Boyle, of Virginia City, came down to Reno and stopped over a few hours. In the evening he took a little walk up street and visited other portions of the town. During the evening it became known that he had a few twenties concealed about his person. This was sufficient for the watchful and they laid plans to take him in. He suddenly had several friends and soon found it perfectly impossible that his throat should be the least dry. Finally he got a notion that was too severe for reason, and \$160, his boots and coat left his person and became mysteriously the property of another. About three o'clock a. m., night-watchman Wm. Ross found Boyle and took him to the Pollard House. Boyle had several hours' good sleep and arose fresh as a man after a night's carousal. He was much chagrined at losing his money, as he intended to go to San Francisco and have a medical operation performed on his jaw. To-day he is a sadder but wiser man. These robberies are a little too frequent, and some fine morning there will be a man for breakfast. These tough citizens will get hold of a man some night that is armed and will use his pistol to the community's advantage.

**"Ten Nights."**—The Reno Amateurs presented this familiar drama last evening before a crowded house. The performance was, as a whole, very creditable, although not up to the troupe's capabilities. The parts of Joe Morgan, Sammie Swichel and Simon Slade were well taken. Mr. E. W. Hayden, in the first named role, showed that his dramatic talent was far above the average amateur, and Lorenzo Adams, as Swichel, notwithstanding certain errors, was a marked success, and furnished the fun for the evening. Miss Belle Ferguson, as Melitable Cartwright, also deserves more than passing mention on account of her graceful and easy carriage. The music was furnished by Scott & Parks, and came up to expectations. After the entertainment the dancers took possession and the usual Saturday night soiree finished the evening. The occasion was an entire success.

**FIGHT.**—This morning Charlie Doyle, who had been on a bender for some 24 hours, thought he would put an extra touch on the head of James Gray. James was sitting on a beer keg in front of the Mint saloon, when the bloodthirsty Charles came up behind and dealt him a severe blow on the back of the head. Blood flowed freely from Gray's head, and the fight was immediately terminated by the injured party's leaving the scene of conflict and giving prompt attention to his occiput. We are informed that Doyle, who is a reckless sort of a fellow, joined the church a few nights since. If such be the case, it does not reflect upon the church at all, for such impositions cannot be avoided. Doyle when sober is a good workman, but, as he says, his own worst enemy He expects to visit Lamb before the day is over.

**DRY GOODS.**—It is almost unnecessary to call the reader's attention to the advertisement of Messrs. Grey & Isaacs. It speaks for itself. These enterprising dry goods merchants have, and are, sparing no efforts to furnish our citizens with the finest and best articles in their line, and at astonishingly low rates. Ladies will do well to avail themselves of the elegant goods to be found at their dry goods emporium.

None but the best brands of Smoking and Chewing Tobacco kept at E. Meyer's New Cigar Store.

**CHORA.**—Sheriff Lamb who has just returned from Sierra Valley, where he has been for two days on business, says the crop prospects of that section were never better than at the present time. The farmers, however, fear cold weather late in the Spring, which would be quite hurtful to the present advanced state of the crops, which are a month ahead of the usual time.

Clear Havana Cigars, two for 25 cents, at E. Meyer's New Cigar Store.

**SCHOOL.**—Mrs. L. H. Sheets is preparing to give instruction to children between four and ten years of age, at her residence (near that of Dr. Shoen). Terms \$2 per month. The school having recently opened in the primary department at Mrs. Mary's Seminary, Sacramento, California, that she can render active assistance to the mothers of her school. Term opens March 12, 1877.

**SCHULTZ CASE.**—This afternoon the Justice's office was filled with spectators and parties interested in the case of Fred Schultz. The facts in the case we have already stated substantially, and need not restate them at this time. The witnesses for the prosecution were Mr. J. Davis, Mrs. E. Caldwell and Mr. and Mrs. E. A. Brown. For the defense, Mr. Schultz and daughter. The testimony of the daughter was to the effect that she was saucy to her father and that he chastised her no more than she deserved. The young girl was well dressed and wore a fine gold watch and chain, also gold bracelets. We do not wish to say anything unjustly or even severely of any man, but we saw and heard sufficient in the trial of this case to warrant us in condemning the course of the father. That the daughter was intimidated from testifying against her father was clearly manifested to every one present when she gave in her evidence. We hope our informants were mistaken and that all will go smoothly on under the roof of Mr. Schultz; but he must have a care how he maltreats a young lady of 16 in an intelligent, humane community. The case was continued until 10 a. m. to-morrow.

**ATTEMPTED ROBBERY.**—Last night, between 12 and 1 o'clock, as John Cox, of the Humboldt Saloon, was going home, he was confronted near the corner of Second and West streets by four men. One of these, who wore a linen duster and slouched hat, advanced toward Cox suddenly, and grasping him by the coat shook him violently, and said gruffly: "Got any money about you?" Cox thought this a rather impertinent question so swinging about he tapped the stranger on the head with a loaded cane, and sent him to grass. The other three garrotters took to their heels and gave leg bail, as did also the fallen hero as soon as he could regain his feet. Cox not being armed, returned to town, heeled himself, and returning with Joe Peers found no traces of his assailants except the mark upon the ground where the spokesman had fallen. If Cox had been in proper fix to receive company, we should have had a foot-pad for breakfast. Six-shooters are more effective as weapons of defense than canes.

## Jottings.

There are no idle men at Pyramid. Doc. Woods, the old perennial ranger and stamper is in town. Also John Whitehead of Pyramid.

We are informed by Mr. Pollard that he will start his stage on tri-weekly trips to Pyramid Mining District about the 25th instant.

Supervisor Beamer is doing excellent work upon our streets, and deserves much credit therefor. Hank McCann, Dan Mattox and Jack Quinla kindly volunteered to assist him.

Why do the ladies hold their mass meetings at Grey & Isaacs? Because the dresses delivered are very fine, all are allowed to express their wants, and none but convincing arguments are used.

**TRANSPORTATION COMPANY.**—During the visit of Messrs. Wright and Earl we spoke of a project of slaughtering beef and shipping the same in refrigerator cars to the consumer. The project is now being perfected, and a meeting of those interested in the matter will be held in San Francisco, No. 40 California street, on March 20 1877. Reno has been spoken of as one of the principal depots.

**BALL TO-NIGHT.**—To-night at the Reno Opera House, the sons of Erin and their friends will meet and have a grand time in commemoration of the distinguished virtues of Saint Patrick their patron saint. There will be a jolly time on the Shamrock to-night. Tickets \$2, to be had at all the business houses.

The fire department of New Orleans celebrated its 40th anniversary on the 4th instant, in the presence of thousands of people.

**AT THE OLD STAND.**—Pat Keliber has sold the Branch Saddle Rock and returned to the Saddle Rock original, next to the International Hotel. This change has been made solely because Pat found himself unable to tend to both places with sufficient care. He prides himself upon his close attention to business and the large number of patrons which he has gained thereby. He now asks a continuance of past favors at the Saddle Rock and promises to deserve them more than ever. Old patrons only need to know the location while new comers are referred to the Saddle Rock for trial. Any man who is not satisfied will go free of charge. Pat points with pride to the number of fat men now roaming our streets, and confesses that his famous Eastern oysters and made dinners have done the work. Call at the Saddle Rock and you may be assured of good treatment and the best which the market affords.

E. Meyer makes a specialty of Bit Cigars. Those who have tried them smoke them again.

**SUPERIOR IRON HARROW.**—I have a harrow which I offer to the public, which I think excels anything in the harrow line I have ever seen. It is made entire of the best Norway wrought iron, except the points of the teeth, which are tipped with four inches of the best steel. My harrow will cover grain or grass seed, being made to run deep in the soil, which increases its efficiency. On the upper side are two bows or runners on which the harrow may glide smoothly along when it is being removed from one field to another. Any size desired promptly made to order.

Ladies wishing to have their old Summer Hats remodeled will please send them to my place of business as soon as possible. Respectfully, MRS. J. PRESOTT.

Wanted immediately, a good furnished house. Apply at this office or to C. S. Varian. 3-107

**SHAVING PARLORS.**—Messrs. Morris & Frankfield take this method of announcing to their friends and the public in general, that they have opened a new and elegant hair dressing room, on Virginia street, fronting Budden's photograph gallery. A FAR-ONE WORLD'S FAIR.—Twenty years ago, and even later, the idea of holding a "World's Fair" at the Cape of Good Hope, the most southern part of the African Continent, would have been treated as a wild jest, the exaggerated dream of some imaginative fancy. Nevertheless, it was a reality on the 5th of the present March Cape Colony (with an area of some 800,000 square miles and a population of 800,000, having Cape Town for its capital, with over 20,000 inhabitants) opened an International Exhibition Monday week, which was inaugurated in due form by the Governor. Not Cape Colony alone, but other Anglo-African colonies will participate in this show, and the latest dispatches, to the middle of January, mention that a large number of British, Austrian and Italian exhibits had already been received. The Exhibition building would be entirely completed by the assigned date. It is expected that the demands for British manufactures will be greatly stimulated by this Exhibition, and that there will be a great competitive display of agricultural implements from the United States as well as from England.—Philadelphia Press.

BRISK TIMES.—The Belmont Courier of Saturday says: From gentlemen just in from Tybo we learn that that camp presents a lively appearance at present. Money is plenty, most of the people are at work, the furnaces and mill are running constantly, and the mines are looking very fine. We congratulate our sister town on its present and future prospects. We also learn that the new steam pump of the Tybo Consolidated Mining Company has been placed in position and is working splendidly.

A Montana Justice gave the following charge to a jury: "Gentlemen of the jury: Ye are all aware that I occupy the responsible position of Justice of the Peace. Ye are also aware that I am a United States official, bein' the Postmaster of this camp. The mail has now arrived, and it is necessary that I should commence me arduous labor of distributing it. This case is one between a doctor and a Jew, and it makes little difference how ye decide it."

EASY MONEY.—As an evidence of how easy money is getting to be in San Francisco we relate the particulars of two loans recently effected in that place: The Security Savings Bank effected a loan of \$12,000 for three years at 9 per cent for the first year and 8 1/2 annu for the following two years. The second loan was that by the Hibernia Bank, which made a loan of \$112,000 on several pieces of city property for four years at 8 per cent per annum.

The Virginia House of Representatives has passed a revenue bill, levying a tax of one per cent a drink upon every drink sold in every bar-room in the States. If the "returning boards," make an honest count, the income from this source will undoubtedly be very large.

The Pope is reported to be at present remarkably well. He wants the Ecumenical Council to reassemble at Rome; but the Cardinals object to the council being held in a city garrisoned by Italians.

### Sheriff's Sale.

BY VIRTUE of an interlocutory decree and judgment rendered April 16th, 1875, by the District Court of the Second Judicial District of the State of Nevada, held at and for the county of Washoe, and now affirmed by the Supreme Court of said State, and by virtue of a certified copy of said decree to me delivered on the 13th day of March, A. D. 1877, and under and by virtue of a deed to me executed and delivered, of the premises hereinafter described, by the several parties to said decree; which said decree was rendered in a certain suit pending in said above entitled court, wherein B. F. Rhodes is plaintiff and James A. Williams and Maria Williams, his wife, are defendants, and by which said decree the Sheriff of Washoe county is made a Receiver, and directed, as Sheriff and Receiver, to sell at public auction in view of the premises, for cash, such premises, by absolute sale without redemption and on payment of the purchase money to me to execute an absolute deed of said premises to such purchaser or purchasers thereof, and place such purchaser or purchasers in immediate possession of said premises, and remove all persons therefrom claiming said premises under any or any of the parties to said decree, and since the 30th day of December, A. D. 1875, when notice of the pendency of this action was filed in the office of the County Recorder of Washoe county in said State. I have levied upon said premises described in said decree, and now, therefore:

Notice is hereby given that on the SEVENTH DAY OF APRIL, A. D. 1877, at West street, in front of the said premises and westerly thereof, in the town of Reno, county of Washoe, and State of Nevada, between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon, viz: at 1 o'clock in the afternoon of said day of April, D. 1877, I will sell at public auction to the highest and best bidder for cash, in accordance with said decree, all that certain piece or parcel of land situate in the town of Reno, county of Washoe, and State of Nevada, together with the tenements hereditaments and appurtenances thereof known and described on the map and survey of the town of Reno, county of Washoe and State of Nevada, as the north half of lot 4 (Four) and all of lot 5 (Five) in Block N, in said town of Reno, as surveyed and plotted on the map of said town as laid out for Charles Crocker in 1868, and on the payment of the purchase price thereof by the purchaser or purchasers thereof, I, as Sheriff of Washoe county and as Receiver appointed by said decree and as grantee of the premises by deed from all the parties to said suit, will make acknowledgment and deliver to such purchaser or purchasers, a good and sufficient deed of said premises, conveying all the interest and estate of the copartnership of Williams and Rhodes therein, as also of said defendants James A. Williams and Maria Williams, his wife, and all the equities of said copartnership and defendants and each of them and of any person or persons who may have obtained rights or claims to said premises since the filing of the pendency of the aforesaid action on the 30th day of December, 1875, and thereupon place such purchaser or purchasers thereof in the immediate possession of said premises, removing therefrom the defendants and any and all persons claiming by, through or under them or either of them, by title or agreement made subsequent to the 30th day of December, A. D. 1875.

Given under my hand this 14th day of March, A. D. 1877.
